29 To Graduate At Exercises In High School Here

Impressive Program Marks Close Of School In Local Area

Twenty-nine seniors will graduate from the Tahoe-Truckee High School at exercises to be held at the high school gymnasium Friday, June 10, at 8 p.m.

The principal address of the evening will be given by Dr. Eldon E. Wittwer of the University of Nevada who will speak on "From This Day, Forward."

A number of special awards will be made during the evening, Vice Principal Conrad Briner announced. The Bank of America cup will be presented to Loma Sorensen with special Bank of America certificates going to Miss Sorensen, Barney Gilmore and Jay Stuart. The presentations will be made by R. E. Saunders, Jr., manager of the Truckee branch bank.

Present Cups

Walter F. Mandeville will present the Tahoe Lions Club's speakers cups to Barney Gilmore, who had first place and to Diana Abbott and Nikki Ann Wing, who were second.

Earl Stice will make the Truckee Lions Club presentations to Loma Sorensen, first and Robert Pankoke and Linda Loynd, who were second.

The University of California Scholarship award will be made by Conrad Briner and the Tahoe-Truckee Education Association award will be presented by Lynn Kishbaugh, principal of the Truckee Elementary School.

The Program

The program will include music by the school band, presentation of the colors by Truckee Boy Scouts led by Scoutmaster Nelson Stone; a chorus, directed by James E. Pringle, director, accompanied by Duane Pomin, pianist; a talk by Barney Gilmore on "Upon These Foundations"; a vocal solo by Janice Buehler, accompanied by Charles Cushman; introduction of the speaker by Superintendent E. V. O'Rourke; presentation of the class gift by Bill McLain and acceptance, by Gary Anderson.

The invocation will be by Father P. J. O'Neill and the benediction by the Rev. Wesley H. Osman.

The Class

The graduating class includes Diana L. Abbott, Joellyn Elsie Ashton, James L. Bowden, Easton Elwood Buehler, Lewis Charles Fellows, Janice Lee Buehler, David Miles Germain, Jr., Jon Barnard Gilmore, Irene Goicoa, Elaine M. Grant, Lynn R. Harris, Carol Lucky Levy, Richard C. Mandeville, Billy Lee McLain, Ella Mae Mercer, Elinor Mal Nay, Sharon E. Pace, Robert J. Pankoke, Phyllis Elaine Porter. Ginger R. Reynolds, Robert Edward Sach, Loma Mae Sorensen, Gordon W. Stewart, Jr., Rogette Grace Stinchfield, Jay L. Stuart, Mary Ann Tonini, John L. Van Hooser, Larry G. Williams and Lynette S. Young.

STREETS CLEANED BY LOCAL CREWS

Members of the Truckee Chamber of Commerce, the fire department, headed by Chief N. F. Dolley and prisoners from the local jail, under the direction of Deputy Sheriff Roy Waters last Friday swept and washed off the main street in Truckee and the Gateway Shopping Center. Paul Rausche's Sanitary Service carted away the refuse and the streets were left bright and clean for the thousands of holiday visitors who gathered here Memorial Day.

Loynd's Store At Lake Is Opened For Summer

Loynd's Drug Store at Kings Beach was opened during the weekend for the summer season. Walter A. Loynd will, as in past years, manage the store there. The store is completely stocked with all desired merchandise and prescriptions may be left for filling.

Program Is Planned For Wyethia Meet

Mesdames Henry Loehr, and Jack Wolert will present a program of music at the meeting of the Wyethia Club to be held in the edifice at 8 p.m. tomorrow evening.

Refreshment hostesses were named as follows: Mesdames Rex Thomas, Cliff Ellis, and William Schull.

Two Are Cited For Fishing In Blackwood

Gaston Ruspil, 33, and John Mariluch, 34, both of San Francisco, were arrested Memorial Day by Game Warden Erv Single for fishing on Blackwood Creek at Lake Tahoe. Their cases are pending in the Tahoe Judicial District Court before Judge Harry Charrison.

Baccalaureate At High School Will Be Held Sunday

Preceding the graduation exercises at the high school gymnasium on Friday, June 10, the Baccalaureate services will be held Sunday, June 5, at 8 p.m. at the school cafeteria.

The program will start with the processional march by the high school band, with the invocation by Rev. Wesley H. Osman. The high school chorus, under the direction of James E. Pringle, will sing three songs, "Now Day Is Over," "My Task and "Hymn of the Sierra," the latter written by Mrs. Ethel Vernon and the music by Pringle. The soloist will be Janice Buehler and the accompanist, Charles Cushman.

The congregation will join in singing "Onward, Christian Soldiers," and the message, "Horizons Unlimited" will be by Father Ronan Brennan. Rev. A. B. Covher will give the benediction.

The high school chorus will sing "The Lord Bless and Keep You," and the recessional march by the band will conclude the services.

Noisy Mufflers To Be Banned By Law

In the future noisy mufflers on cars and trucks will not be tolerated.

Sgt. Ed Freeman of the California Highway Patrol, announced recent orders following legislative action now makes it unlawful for this type of equipment. The law requires that every motor vehicle subject to registration must have a muffler that does not emit excessive or unnecessary noise. Cut outs and other such noise making devices are illegal, he warned.

"It is not our intention to be tough," Sergeant Freeman declared, "but we cannot permit violation of this law and violators will be cited to appear in court."

Official Tabulation Of School Election Shows Little Truckee Interest

The official tabulation of the balloting for a trustee of the Tahoe-Truckee Unified School District last week revealed that only 12 voters turned out in Truckee, 16 at Kings Beach, 43 at Tahoe City, five at Donner Summit and 19 at Floriston. There was a total of only 95 votes in the five precinicts.

There was only one candidate, Jack Felte of Kings Beach, who was named to replace Tom Lucas, also of Kings Beach.

Of the total vote, Felte drew 92 with three scattered write-ins.

CONSTRUCTION TO START ON HIGHWAY

Officials of the Gill Construction Company of Bakersfield arrived last week to make preparations for starting work on their contract for surfacing 13.9 miles of highway at six locations on U. S. 40 and Sign Route 28 between Tahoe City and Kings Beach.

The contract calls for $215,110.

The company is preparing its plant for mixing at the pit near Donner Lake.

Past Officers Will Be Feted By Eastern Star

The past matrons and past patrons of Truckee Chapter, O.E.S., will be honored guests at the chapter meeting June 7.

These past officers will fill all the chairs and exemplify the work during the evening.

Chairman for refreshments will be Edythe Deaton, and the regular line officers will have charge of the program. Visiting members in the area are invited to attend.

AGENT ARRIVES

F. Dales Hines, traveling passenger agent for the Southern Pacific Company, has arrived to spend the summer in the Truckee and Lake Tahoe area to assist travelers with the problems and outline proposed routes, etc. Hines conducts the service here during the summer months and at Palm Springs during the winters.

Search Fails To Reveal Clue To Missing Bay Girl

Work Started To Increase Camping Facilities At Park

Local officers Saturday assisted federal and Berkeley police in an extensive but fruitless search of the California-Nevada area for some trace of Stephanie Bryan, missing 14-year-old Berkeley girl, after an anonymous letter to the girl's parents advised something would be found there.

Detectives were frankly skeptical that the letter, postmarked in San Francisco last Friday would throw any light on the whereabouts of the girl who disappeared a month ago on the way home from school.

Following their policy of investigating every possible lead, however, Berkeley authorities dispatched Policeman W. H. Hutchins to search the field which the note described as being on the California side of the border near Highway 40.

The unsigned note was received by the girl's mother, Mrs. Charles S. Bryan, Jr., and contained a crude map. The map showed the field lying next to a dirt road turn off from Highway 40 plus identifying marks representing buildings and trees.

The letter did not say what would be found in the meadow but said the information came from a "trustworthy source."

MOVIES TO MARK PROGRAM DURING MEET AT CAPITOL

"The Realm of the Wild" is the title of the moving picture to be shown at the meeting of the Truckee Outdoor Sportsmen to be held Thursday evening at Capitol Hall. William Griswold of the Nevada Fish and Game Commission, will be on hand to provide the program.

The meeting will mark the last time President Charles Osburn will preside and the new president, Jack Waggoner, will take up his official duties at the first meeting in July.

All members and their guests are urged to attend the session which will discuss the future plans of the organization.

RENO DRIVER HURT AS TRUCK UPSETS

Harry Donald Rovetti, 26, driver for a Reno laundry, was cited for speeding and not having his vehicle under control after his truck skidded off the pavement three miles north of Tahoe City on Highway 89 and rolled completely over.

Rovetti was taken to the Tahoe Forest Hosptal by the Tahoe City ambulance for treatment of minor injuries.

The accident occurred at 1:15 Tuesday afternoon. State Patrolman Roy Stallard made the investigation and issued the citation.

Mass Schedule Change Announced By Pastor

Masses in the Catholic Churches at Truckee and Lake Tahoe are on a new schedule, Father P. J. O'Neill announced.

Until June 19, two masses, one at 8 and the second at 11:30 a.m. will be held at Kings Beach, with two at Tahoe City at 8 and 11 a.m. and one in Truckee at 9:30.

After the 19th the schedule calls for three daily masses at both Tahoe Tahoe City and Kings Beach and two in Truckee each Sunday.

DIRECTORS MEET

Only routine business occupied the meeting of the directors of the Truckee Public Utility District Tuesday afternoon. President C. R. Heller, elected at the reorganization meeting two weeks ago, presided for the first time.

GROCERY OPENS

Mr. and Mrs. Ermin (Slim) Hintz announce the opening of their Donner Cross Grocery Store at their home on Highway 40 near Donner Monument. The establishment will be operated by Mrs. Hintz.

SUNBEAMS

By WALTER M. BARRETT

The unseasonal storm Tuesday morning made it necessary to have skid chains on vehicles crossing Donner Summit for less than an hour. However, as usual, reports from San Francisco radio stations up to Wednesday morning were still proclaiming to the world that chains "are required on both Highway 40 and 50." Tuesday night, a Reno station announcer was heard making the same statement, advising motorists that chains were enforced from the foot of Donner to Kingvale. These reports are discouraging, to say the least. The broadcasters probably did not hear of the control being on until hours after it was taken off, and yet to the unsuspecting motorists, who tries to depend upon road reports, they came nearly 24 hours late. It seems to us that before these broadcasts are made, the stations would make every effort to get a little later information. Naturally, there are often excuses for this sort of thing and everyone makes mistakes, but entirely too often the misleading reports are hours behind.

* * *

The comparatively few motor vehicle accidents which occurred during the record travel weekend on Memorial Day, reflects credit upon the motorists as well as the officers of the highway patrol. The latter were out in full force, patroling constantly and maintaining an even flow of extremely heavy traffic. If this kind of a record is possible during a weekend when traffic of more than double normal, it seems we can cut down the toll by taking the same precaution when the roads are not crowded.

FIRST PLANT OF CATCHABLE FISH PLACED IN RIVER

The first of what is proposed to be a series of plants of catchable-sized rainbow trout in this region was conducted here Friday when 7000 were planted in the Truckee River east of Truckee.

Jack Fraser, fisheries management supervisor, announced that a number of streams in the district would be planted during last week and this but unfavorable weather conditions and operational failure of equipment resulted in some delays.

Most streams and lakes in this area are scheduled for plants early this month and as a result fishing is expected to show a marked improvement.

JOHN STREET TO TAKE YERMO POST

John Street will report next week at Yermo, Calif., where he has accepted the promotion to intermediate quarantine inspector with the California Department of Agriculture Quarantine Stations.

Street has been employed at the local branch for several years and is well liked here where he has entered into civic affairs. Mrs. Street and daughter, Cathy, will join him when they have located living quarters in the south city.

Boehm to Hat Creek—

E. E. (Pike) Boehm who transferred from Truckee to Susanville with the U. S. Forest Service has written that he is leaving there for a good job at Hat Creek, with the service the first of this month. They continue to keep in touch with local friends by occasional visits and via the Sierra Sun.

See Family—

Mr. and Mrs. A. L. Davidson of Roseville visited at the homes of Mr. and Mrs. Herbert Copeland and Mr. and Mrs. Jack McGlade during the weekend.

At Donner Lake—

Mr. and Mrs. Sheldbron B. Holmes and daughter of San Francisco were Memorial Day guests of Mr. and Mrs. Otto L. Nogaard of Sacramento and Mr. and Mrs. Carl Smith at their summer homes on Donner Lake.

Only Three Auto Wrecks In Area Over Weekend

Motorists Careful, Officers Busy As Highways Are Crowded

Despite the record number of motor vehicles on the highways in this area during the Memorial Day weekend, only three collisions were reported by the California Highway Patrol.

Of the three, only one was serious. Delbert W. Williams, San Francisco, suffered a compound fracture of his jaw, concussion and possible skull fracture, when his car got out of control three and a half miles south of Tahoe City Sunday morning and crashed into a power pole, breaking the huge pole off at the ground.

He was cited by Patrolman T. F. Sheehan for speeding and being on the wrong side of the highway.

A spare tire under the trailer of a semi driven by Floyd J. Lindsay, Provo, Utah, is credited with preventing a disasterous crash five and a half miles east of Truckee Sunday morning at 6 o'clock.

Driver Asleep

According to Patrolman Martin Sturcke, who cited Lindsay for speeding, being on the wrong side of the highway and not having his truck under control, the driver apparently fell asleep and failed to make a curve. The truck ran into the rocks, swerved back onto the highway and crashed into a car driven by Don R. Linderman of Marysville.

The Linderman machine hit the spare tire under the truck and bounced back, thus escaping being crushed under the huge produce truck.

Linderman was taken to the Tahoe Forest Hospital for treatment.

73 Arrested

The third accident was at Gateway Park where Lowell C. Styles' car was struck and badly damaged by one driven by Melvin C. Badsgard, who was jailed for drunk driving.

Sgt. Ed Freeman said the patrol cited 73 drivers during the weekend for moving violations, only one being a drunk driver. Most of the accidents were for bad passes.

Last Memorial Day, there were also three accidents and arrests totaled 68, the sergeant reported.

McGihon Takes Over As Cubmaster; Boys Honored At Meeting

Douglas Wilson tendered his resignation as Cub Scoutmaster at the last pack meeting until fall held in the Truckee Elementary School building Tuesday evening. While it was accepted with reluctance in view of the excellent work Wilson has done with the boys, the group also welcomed Daryl McGihon who will take his place when the new season starts. Robert Leamon was named treasurer of the organization.

During the ceremony Michael Kumle, Terry Walker and Barry Leamon were presented with their Lions and Webelos badges, making them eligible to be Boy Scouts; David Ayala was presented with the Lions badge; Charles Glenn and Joe Parkhurst arrow points on bear badge; Robert Kaspian, wolf badge and Salvador Cabrera and Dick Ingles arrow points on wolf badge.

The following new Cubs were greeted: Gregory York, Bobby Frates, Steve Davis, David Pankoke.

During the summer months den meetings will be held each Tuesday evening at 7:30 p.m. in the baseball park west of Truckee, beginning June 14.

Ball will be played by the boys, with a brief meeting each time and parents are urged to accompany their children to the gatherings.

In Hospital—

Mrs. Heslin Cardinal is undergoing treatment at the Tahoe Forest Hospital for an attack of pneumonia. Dr. L. D. Nelson said he expects to release her in the near future. Her birthdate was yesterday.

Back From Berkeley—

E. V. O'Rourke, district school superintendent, has returned from a business trip to Berkeley.

Plans Completed For Boat Races Here On July 10th

Plans for presentation of the annual outboard motor boat races on the west end of Donner Lake Sunday, July 10, were completed at a meeting of the directors of the Truckee Chamber of Commerce at Donner Lake Lodge yesterday at a luncheon.

Eighteen races will be held, featuring some of the fastest boats in northern California. The meet is being sanctioned by the Northern California Outboard Motorboat Association.

Hal Welch, president of the chamber, presided at the meeting yesterday and named committees to handle the affair. A score of prizes are being offered with a large outboard motor topping the list, Welch said.

There will be no barbecue as in past years, the program centering entirely around the racing events.

Freak Storm Adds To Precipitation

Precipitation of .42 of an inch resulted from one of the most severe lightning storms in the area early Tuesday morning, followed by two inches of snow, according to Nelson Stone, assistant supervisor for the U. S. Forest Service at Truckee.

Incipient forest fires were started by strikes of lightning in Sierraville and at Big Bend, near the highway at Kingvale. Stone said that the forest service is on the lookout for any latent flames all over the district.

Total precipitation for the month of May was 1.32 when normal for May is 1.08. The normal to the first of June is 26.67 and 23.45 reported to that date makes the precipitation below normal for the season.

Stone said that four inches of snow were marked on Martis Peak on May 31.

Second Motorist Held For Drunk Driving In Repeat Accident Here

The saying that lightning never strikes twice in the same place again fails to stand up as factual.

For the second Sunday in a row, a driver charged with being drunk has been involved in a wreck at Gateway Shopping Center. This time it is Melvin C. Badsgard, 50, a Los Angeles transient, who was jailed by Patrolman Roy Stallard after his car collided with one driven by Lowell C. Styles, 33, of Alameda. Mrs. Martha B. Cutler, 55, a passenger in the Styles car, suffered minor injuries.

The previous Sunday, Andrew D. Tilson, local trailer park resident, was jailed after his car crashed into one owned by Sam Costa, of Truckee, which was parked along the street.

Badsgard was sentenced to serve 180 days in jail when he appeared before Judge Wilson this week on the drunk driving count.

Step Taken To Assure Narcotic Rehabilitation Center For California

SACRAMENTO (CNS)—Another step forward in the establishment of an experimental narcotic rehabilitation project was taken by the assembly committee on public health when it gave a do-pass recommendation to a bill by Senator Arthur H. Breed, of Alameda County.

The bill appropriates $74,149 to aid the project, located at Santa Rita, Alameda County.

Severs Here—

Mr. and Mrs. Ray Severs and Mr. and Mrs. Floyd Cushman with their children, all of Hayward, were visiting here Memorial Day. The Severs, former owners of Heller's Variety Store several years ago, have recently enlarged their store space in a new shopping center in the bay city.

In Oregon—

Mr. and Mrs. Glenn Miller and children left last Saturday for a trip to Oregon where they were guests of their son-in-law and daughter.

Donner Camp To Be Enlarged To Double Capacity

Letter Says Information On Mystery Located On State Border

The state division of beaches and parks this week is advertising for bids for the construction of a combination frame and block building of special mountain type to be used as a public unit for the proposed additional camp grounds at Donner Memorial State Park.

The building proposed will house restrooms, showers and washrooms for the new camp area, to be located between the present 54 units and Donner Lake.

Daryl Knoeffler, superintendent at the park, announced that roads are currently being built into the new camping area which is expected to have between 40 and 50 units, giving the Donner Park approximately 100 camp sites by next summer. The new sites will be comparable to the present ones, with stone cooking units, etc.

It was hoped by park officials that work would be completed so that the camps could be opened this summer, but because of the volume of work involved, that will be next to impossible, but they should be in readiness by early next year, Knoffler said.

Bids for the combination building will be opened in Stockton Tuesday, June 21. Details will be found in a "Notice to Contractors" on another page of today's Sierra Sun.

VETERANS HONOR DEAD AT LOCAL MILITARY RITES

Veterans of Truckee Post No. 439, American Legion, assembled Monday morning to pay tribute to their departed comrades with impressive services held at the Truckee cemetery.

The Legionnaires, under command of Commander Robert Leamon conducted the Memorial Day services with color guard, firing squad and other details of the service ritual. The musician was Jimmy Carter who played at the conclusion of the service.

Langille Takes Crack At Shark But Will Not Make It a Habit

Mr. and Mrs. Harold Langille, recently returned from their third winter in Mexico where Langille had the unusual experience of innocently punching a shark in the nose while trying to obtain sardine for bait off the southern coast.

Langille learned later that sardines congregate in tight schools or bunches when the carnivorous shark are near, but when he tried to put his container in the water to scoop up the finny creatures the head of the shark, attached to a body about ten feet in length, came to the surface in the midst of them and Langille automatically hit it on the nose with his fist.

As the shark came along side the boat, the body lashed about, hitting the small craft with the resonance of a baseball bat. The local man denied any interest in repeating the experience.

SUMMER CATHOLIC CLASSES START SOON

Summer school at the Catholic Churches in Truckee and Tahoe City will start Monday, June 13 and conclude with first Holy Communion on June 27, Father P. J. O'Neill, local pastor, announced.

The classes will be conducted in the Assumption Church hall in Truckee and Corpus Christi Church in Tahoe City and will be supervised by the two local priests, Father O'Neill and Father Ronan Brennan and by four sisters from Dominican College at San Rafael.

Father O'Neill urges all parents to cooperate in making the school a success.

Rebekahs To Meet

Naomi Rebekah Lodge, No. 2, will hold a regular meeting in the Odd Fellows building at 8 p.m. on Wednesday, June 8, with Noble Grand Elinore Vind presiding.

All members and officers of the lodge are urgently requested to attend.

Reunion Will Mark Anniversary Party

Mr. and Mrs. Bruce Quartly are expecting the arrival tomorrow of her mother, Mrs. H. B. McWilliams from Nashville, Tenn. The visitor will spend the summer with the local family.

On their wedding anniversary, June 4, the Quartlys will attend a military re-union dinner at Reno.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO — (CNS) — A sample of dissatisfaction of legislators with the operation of the state division of beaches and parks was seen by passage of SB 1900 by Senator Randolph Collier of Yreka, a measure which would provide for expenditure of some $32,000,000 of tideland oil revenue by the counties.

The money consists of a portion of the funds returned to California by the federal government, after the congress declared tideland oil lands as property of the state, and the federal government released funds impounded during the controversy.

Senator Collier worked out a scale fr the division of the money between all counties of the state, to be used for county development of recreation, rather than passing the fund through state division of beaches and parks.

Newton B. Drury, chief of that division opposed the bill before committee declaring it would wreck the divison's five-year plan to develop the state park system.

Collier, however, told the committee that SB would double the revenue from the state's billion dollar recreatinal industry through the development of prime recreational areas in all sections of the state, rather than in the areas selected by beaches and parks.

"We would use this money on projects that would bring indirect returns to California business," Collier said in presenting the bill, "not in buying trees which people can look at as they drive by the groves."

Senator James A. Cobey, of Merced, said he favored the bill because "I think the counties can do a better job on recreation than can the state division of beaches and parks."

Senator Don Grunsky of Santa Cruz county, however, declared the Collier bill was "bad legislation," in that it was a 'pork barrel' measure for all counties, and would deprive the state of a long-range recreational development.

The senate, however, passed the measure, 21 to 11, securing a bare majority. That it is doomed to ultimate failure, however, is a foregone conclusion, as the bills that go with the measure providing for the appropriation, need a two-thirds vote to get by the assembly.

The mere fact, however, that the measure was introduced, and the fact that a majority of the state senate wants to see the counties administer the returned tideland fund, rather than the state division of beaches and parks, is a strong black eye to the division of state government

Numerous investigations of the practices engaged in by the division have revealed some half million acres of land in the beaches and park system, which is highly underdeveloped insofar as rendering proper facilities to the public is concerned.

It also was developed in the past that the division of beaches and parks appeared to be more anxious to develop expensive and fancy houses for its personnel rather than camping sites for the public. As a result of failure to develop parks to handle more vacationers, the public is turned away from the parks in droves when campers seek to utilize the camping spots.

STANDARD OIL WILL AGAIN DISTRIBUTE SCENIC WEST VIEWS

Those popular "Scenic Views of the Colorful West" are back again.

Beginning Tuesday Standard Oil Company of California began free distribution of its latest series of all-color photos highlighting the beauty spots of the West.

All told, some 27,000,000 copies of the scenics will be distributed by Standard and its subsidiary companies elsewhere in the United States and in Canada.

Fifteen far western scenes will be available at Standard service station outlets in the Pacific area, another 17 views through dealers of subsidaries.

The photos, shot by some of the nation's top photographers, are entirely new, although similar in format to scenes from other years which now hang in thousands of western homes. Each is 9x12 inches, lithographed on a 11½x14 inch mat.

Descriptive text on the back of each photo has been written by leading authors and historians of the West who are intimately familiar with the subject matter. Photography data is also provided.

Distribution will be made on a regional basis with a different view of the series available in a given location each week during the 15-week travel campaign.

Collectors can complete their sets as quickly as they wish by driving into other distribution areas or by trading with residents of other areas. Different views will be available in adjoining counties.

As an added feature, each print bears a numbered detachable coupon. Once a full set of coupons (1 through 15) has been accumulated, it may be exchanged for a 20½x25½ inch enlargement of the collector's favorite view.

Following are the scenes featured in the new views which will be available in the Far West, Alaska and Hawaii:

Washington — Mount Shuksan, Mount St. Helens and Spirit Lake; Oregon—Silver Creek Falls State Park, Crown Point on the Columbia River; California—Lake Tahoe, Monterey Peninsula, Vernal Falls in Yosemite, Mount San Jacinto, the southern California desert; Arizona—Grand Canyon, Monument Valley; Utah—typical grazing scene; Idaho—Upper Mesa Falls near Henrys Fork; Hawaii—Waikiki Beach; Alaska—Mt. McKinley.

Celebrities Scheduled To Compete In Golf Games

Record number of amateur golfers plan to compete in the Fifth annual Lake Tahoe Golf Invitational, 54 holes at handicap, to be played on Friday, Saturday and Sunday, June 24-26 at Crystal Bay Nevada.

Following the annual custom, a select pro guest flight has been invited to contest for the trophies and prizes, Tournament Director Ralph Wolf has arranged a special women's flight and a celebrity flight.

With more than 200 individual trophies annually awarded to the various winners in four flights, this tournament, because of its many cup winners, has come to be known as "the golfers delight." Since play is at a handicap, duffers compete with scratch and low handicap golfers on equal terms.

Many well known members of the entertainment world, who compete in past events, are expected to return this year. Bob Hope, a major prize winner two years ago, is expected, along with celebrities Phil Harris, Forrest Tucker, Dennis O'Keefe, Johnny Weismuller, Gordon MacRea, Vic Damone, Richard Arlen, Frank Borzage and others.

AUBURN MAN HEADS BOY SCOUT COUNCIL

At the annual meeting of the Tahoe Area Council, Boy Scouts of America, held last week, Alvin F. Carveth, a veteran of 25 years in scouting and prominent business man of Auburn, was elected president of the council for the 1955-56 Scouting year. He replaces Dr. Harry N. March who has served two years as president of the council.

Installation ceremonies were conducted by Charles W. Laupee of Roseville, representing the Regional committee of Region XII. A past president's pin was presented to Dr. March in recognition of his service to the council.

MEMBERSHIP DRIVE PLANNED BY LAKE TAHOE BOOSTERS

TAHOE CITY—Directors of the Lake Tahoe-Sierra Chamber of Commerce, who held a meeting last Friday night at Tahoe Village in South Tahoe, decided to hold their anual membership meeting on June 15. It will start with a luncheon meeting to be held at Camp Richardson on the south end if that resort can accommodate the gathering. Chamber President Norman Celio will be in charge of arrangements, and has made his report to the chamber office in Tahoe City, where invitations are being mailed out to county and state officials. They include the supervisor of Placer and El Dorado counties, a national forest official and a state highway representative.

It was decided at this meeting not to hold the mile-high Gold Cup races on the lake this year, and to emphasize as much as possible the Lake Tahoe Yacht Club's annual regatta to be held in July.

Employment Up To All Time High For State During April

Civilian employment in California rose to an all-time April high last month while unemployment dropped 24 per cent below April of 1954, two state officials announced today.

Ernest B. Webb, director of the department of industrial relations, stated that employment increased to 4,965,00, the highest April on record. The total was 68,000 above March and 139,000 higher than a year ago. Webb added that employment in every major industry was above the year before and that manufacturing industries accounted for about one-third of the total gain from April of 1954.

William A. Burkett, director of employment, reported unemployment totaled 214,000 in April, down 40,000 from March and 69,000 below the year-ago April figure. Burkett pointed out that the number of unemployed would probably have dropped further during April had it not been for weather which hampered the seasonal expansion of outdoor activities during the latter half of the month. April unemployment was 4.1 per cent of the labor force, compared to 4.9 per cent in March and 5.5 per cent a year earlier.

The civilian labor force totaled 5,179,000 in April, a net gain of 70,000 over the April, 1954, figure.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Entertainment

What a surprise we got when we read in last week's issue of the Sierra Sun that Vern Shattuck and Jack Neugebauer had purchased the Brockway Theater from Tom Lucas. Tom and Mrs. Lucas have done a fine job during the past few years and they are naturally going to be missed, but as long as they are going to stay in the community it is not so bad. Now we shall look forward to the combination of these two theaters. Vern, in the past number of years furnished very fine entertainment at the Tahoe Theater, will continue with nothing but the finest at the Brockway as well as the Tahoe. Was delighted with the new screen at the latter as we visited on the first night. I am not sure of the personnel at the Brockway, but I do know that Florine Klitzke will be in the boxoffice with ready smile to welcome you.

Holiday Mood

Well, of all the Memorial weekends this last one had every other one beat. The weather was beautiful and nearly every resort had up the best sign they have that they could find, a big "No Vacancy." The clubs at the Hilltop were packed with a happy throng. The lake was like a mill pond, the fish rose to the occasion and were biting real good, lots of fishermen taking home a limit of beauties, and the boat rentals did a fair amount of business, too.

Casino

Saw some of the furnishings that will adorn the inside of Joby Lewis' Monte Carlo. It will be ready to install as soon as the building is ready. It is being built in the workshop at Andy Sorensen's in Tahoe Vista. Some of the most beautiful work I have ever seen. Joby is racing against time to get opened up by June 15.

Home Again

Arnold and Sophie Miedema came driving in today (Saturday) and expect to stay a week or so, and their daughter, Beverley, will come up with her two sons and maybe stay for the summer. Sure will be glad to see how the youngsters have grown.

Church News

The Community Methodist Church needs more men for the choir, so why don't you attend practice on Friday night at 8. You will enjoy it, I am sure, and you will also be doing a great service to the church. I hear Mrs. Eda Judy has been elected new president to oversee and coordinate work. Please let her know which group you will attend. Loren P. Mosier is in charge of repairing benches getting ready for outside services. A good man, too, I'll say.

Welcome Home

It would seem that our summer residents are coming back in droves. Mike Benning of Benning's resort, has arrived; John and Ruby O'Connor of the Golf Course Road arrived a few days ago, bringing news that the Boysen Paint Co., of which he is a member is going great guns these days. They didn't know their home, on account it had its face lifted, and a whole lot of trees cut down. They are contemplating putting a sign that adorns their front door, "O'Connor's Wedding Chapel," up again as a wedding has been solemnized there during each of the last few summers.

Very Sweet

Wondered what the crowd was in Kings Beach last weekend and upon investigating found Red Waddell was giving free frosties away to all the kids, but I couldn't make it as there was no parking space within a mile on account lots of oldsters became youngsters just for the occasion. It sure is a smart looking dairy, just what we needed to freshen ourselves up, and to add to the community's beauty.

Dumped

Some times that state highway department are right on the job in keeping the highway property nice and clear, but some of the property owners at the vicinity of the Chevron Station at the bottom of Brockway Hill are complaining of the sewer pipes that were dumped there about five years ago when the sewer was being connected, all of which are on the state highway and don't add a bit to the beauty of the vicinity I am sure the citizens would appreciate the removal of same.

New Name

Was talking to Tom Gerun, part owner of the Cal-Vada Lodge, and he tells me he is changing the name of this famous club to Bal Tabarin. We shall miss the sign which was so popular.

Fire Control

Also jabbering to Gene Jarvis who heads the committee on donations for the North Tahoe Fire Control. He has everybody beat, as he does a swell job of it. He tells me he is having the greatest of cooperation from the owners of the casinos at Crystal Bay collecting $250 from each one. This cause is one of the utmost importance. During 1954 no less than 41 calls were made by the firemen, and thousands of dollars worth of propty was saved by their quick action, so if you have a thousand or two laying around call Eugene, he won't refuse anything. Visit Gene at his Eugene's Chalet and see the vast improvements he has made.

Summer Mass

Father O'Neill informs me that services for the season are as follows up to June 19: Mass will be at Kings Beach 8 and 11:30 a.m. Tahoe City, 8 and 11 a.m.; Truckee, 9:30 a.m. and beginning June 19, Kings Beach 8-10 and 11:30 a.m.; Tahoe City 8-9:30 and 11 a.m.; Truckee, 8:00 and 10:00 a.m. I had a very nice visit with Father O'Neill, as I had not seen him all winter.

I Forgot

Do you know that I forgot to say how cute Virginia Robertson was at the fashion show that the Woman's Club held. Imagine one of the best, and then to leave her out. Shame on me.

VALLEY CHAMBER GOOD WILL TOUR SLATED JUNE 3-4

Officials of the Greater Sacramento Chamber of Commerce have announced plans are complete for the annual goodwill trip to Lake Tahoe June 3 and 4.

John Stuart, chairman of the inter city relations committee, said chamber members will leave by chartered buses at 9 a.m. Friday. They will travel by the way of U. S. Highway 40 to Donner Lake Lodge on the north end of the lake for lunch.

They will go to Camp Richardson for the evening program and stay overnight. Lake Tahoe area business leaders will be guests at a cocktail party given by the Sacramento Trade Club Friday evening. This will be followed by a dinner given by the Sacramento chamber.

The program will include introductions and entertainment.

Saturday the group will return by the way of Highway 50 with a luncheon stop at Strawberry Lodge.

Dr. Stuart Dingwall went to his place at LaJolla, completing arrangements to remain at Tahoe City for the summer months.

BUD'S

You Going After the BIG ONES?

Then you'll do well to come in and get your tackle . . . fishing information and get set for a real lot of fun on the lakes or streams.

Tahoe-Truckee School District News

HIGH SCHOOL

This past week has been a busy one for the Tahoe-Truckee High School student body. Friday of last week the Junior-Senior prom was held in Reno in the Redwood Room of the Riverside Hotel. Paul Jones and his band provided the music that highlighted an evening of feasting and dancing.

This past week has been dominated by semester finals as well as student body officer nominations. Student body elections were held on Wednesday.

Those nominated were:

President: Gary Anderson and Pat Griffith.

Vice President: Bob Trask and Doug Wilson.

Secretary: Linda Loynd and Virginia Speeter.

Treasurer: Bob Armstrong, Scott Gilmore, Suzanne Knoefler, Ken Vaughan.

Faculty Advisor: Miss Thelma Finger, Jim Pringle.

TRUCKEE ELEMENTARY

Kindergarten: We have been discussing United States history in connection with stories read in class. Some of the things we have talked about are the Pacific and Atlantic oceans, Indians, settlers, and the Donner party. Judy Wakefield celebrated her sixth birthday on Saturday, May 21.

First Grade (Mrs. Bissett's): We are planning our class picnic. During conservation week we saw a forest service movie about good picnicing rules. We know how to avoid anyone getting lost, how to prevent fire, and how to leave the picnic grounds in good order.

First Grade (Mrs. Croxen's): In studying about foods it was found very few children has seen ice cream made in a hand freezer. We decided it would make an interesting project for our unit on foods.

Second Grade: In social studies we have talked about how much we depend upon one another in a community. We carried out this thought in a dramatic play. We chose the parts we wished to play as Community Helpers. David Sorani and Salvador Cabrera chose the post office; Gregory York and Danny Garcia the fire department; Bryan Ireland and Terry McKurtis the police department; Marcia Leamon and Judy McGwinn the bakery, and Carolina Urbina and Geraldine Steele he grocery store. The others acted as the townspeople using these facilities.

Steven Davis brought a small chinchilla, and Teddy Daniels a beautiful moth to share with us.

We had a birthday party for all of those whose birthdays had not been celebrated previously this year. They were Salvador Cabrera, Teddy Daniels, Judy McGwinn, Terry McKurtis, Garry Sturcke, Carolina Urbina, Gregory York, Tony Kenyon, Danny Haynes, Noreen Wunsch, Bryan Ireland, Steven Davis and Skipper Jensen.

Third Grade: In the study, "Children of the World," Spain, France, England, and the Scandanavian countries are being visited in an imaginary journey.

The trip to Sacramento, May 20, was most enjoyable. We went to McKinley Park, Junior Museum, William Land Park and Sutters Fort. Again, we say "thank you to Mesdames Kay, Gracik, Hintz, Braasch, and Franklin for their fine help and supervision.

Fourth Grade: The fourth graders are working on a California Time Line. The committee chosen to make the Time Line are David Pankoke, Denis Whiteneck, Mary Ann Miller, Virginia Barnes, and Patsy Jensen.

Fifth Grade: We have completed our study of the history of the United States, and are now studying our country's physical and econonomic geogprahy.

Vickie Firpo, Donna Gracik, Richard Donnis, Francie McGwinn, and Karen Smart helped make our large regional maps. Wade Hensley, our new classmate, told us some interesting things about the southern states, through which he recently traveled.

At present, we are studying the western states. Most of the students are surprised at the many things they did not know about this, their own section of the country.

Sixth Grade: The class is finishing the last area of study on South America, Brazil and the Guianas. From the varied projects, many learnings have come. Doug Single is quite enthused about the story maps tell.

We have found that South America has been a very interesting study.

KINGS BEACH SCHOOL

Kindergarten—First Grade: This week four new pupils enrolled in our class. They are: Bruce Draney, Jill and Judy Roert, and Marty Tanuta. Bruce, Jill and Judy are first graders who were with us last fall. Marty is in the kindergarten. We now have 16 first graders, and 18 kindergarteners.

Our class won the thrift banner this week. We haven't had it for some time. Pamela Powell is still out of school with a broken arm.

Second and Third Grades: David Mills brought a rock specimen to share with us. We learned that the green cover in the rock was copper. Thursday Mrs. C. Patnoude and Miss Audrey Welch, assisted Dr. Sklar in giving the second grade class their second polio innoculation. The children who were absent when the first of the series was given, received their first shot on Thursday. They will be given their second shot around June 25.

Elizabeth Omlor spent Memorial Day weekend in San Francisco.

Rickey Molsberry moved into a new home at the foot of Brockway Hill.

Fourth, Fifth and Sixth Grades: We have finished a series of science reports selected by individual students. Most reports were very good.

We completed our posters for the Bank of America thrift contest this week. Each room will have a winner. One poster for each grade will be selected to be judged with other posters of the district.

There have been some excellent maps drawn of the school and the town. We have learned the names of the streets in Kings Beach.

DONNER TRAIL SCHOOL

We would like to thank Mrs. Gordon Butterfield for substituting for Mr. Carrico last week.

This morning we took a nature walk and discussed some of the flora and fauna along the Yuba River near the school. We found that most of the small animals are out and that insects are plentiful.

We are now trying to find the name of the birds that live in our bird houses near the school.

LAKE TAHOE SCHOOL

First Grade: We went on a hike Thursday to the water tanks. Danny found five snow flowers. We saw five more. Lanny and Tommy each found one sugar pine cone. Peggy and Stephanie found eight little round pine cones. We heard some birds. Tommy found a big piece of moss. Joyce found an ant hill.

Fifth and Sixth Grades: We were the guests of the Truckee Elementary School sixth grade Friday night. They had a dance for us and we had a most delightful time. We are getting well acquainted with the Truckee sixth grade and making many friends. This will be a big help to us when we enter the seventh grade next year.

WANTED TO BUY: 30-gal electric water heater, used. Tel. Li 6-9924. tfc

WANTED: Lady interested in part time cleaning. Call Truckee 60. tfc

SPEED RESULTS IN MANY MISHAPS

SACRAMENTO — Speeding motorists are involved in an average of one traffic accident every 21 minutes in the unincorporated areas of California.

This proof of the truth of the old adage "Haste Makes Waste" comes from the statistical analysis of traffic accidents made by the California Highway Patrol. The records show that the results of speed are often vicious, crumbling steel and crushing human bodies beyond recognition.

"If you could stand by and hear the reports of these tragic traffic collisions and sudden death come in over the wire, you would have a more realistic picture of the results of speeding in today's traffic," said Patrol Commissioner B. R. Caldwell.

"There is no reasonable excuse for haste in traffic when compared to the waste of life and limb," Caldwell continued.

"The only solution to this needless slaughter is a continuing awareness of the dangers of speed and stricter obedience to the speed limits. The safer way is to control that urge to step on it. It is better to slow down and avoid death."

LAKE LEVEL

TAHOE CITY—With all gates still closed, the level of Lake Tahoe Monday stood at 6226.53. Until the unseasonal storm Tuesday morning, Tahoe had been enjoying typical spring weather with the temperature ranging from a cool 32 last Saturday to a high of 73 Sunday. A return to normal weather is predicted.

Burning trash and brush anywhere near forests or grasslands can be dangerous; guard against wild fires.

NOTICE OF HEARING

Notice is hereby given that the Commissioners of Tahoe City Fire Protection District have adopted a preliminary budget of $3,547. Of the total budget, $2,422 is for operation and maintainance, $400 for repairs to fire house and $725 for capital outlay, a hose drier. The budget may be inspected at the office of C. W. Vernon, clerk of the Board of Fire Commissioners.

Notice is further given that, the Board of Fire Commissioners will meet at the office of the clerk on June 30 to adopt the final budget. At this meeting any taxpayer may appear and be heard regarding the increase, decrease, or ommission of any item of the budget or for the inclusion of any additional items.

"FILL 'ER UP!"—It takes fuel to make a Nike guided missile go, and Private First Class Grover Wilson of Bunker Hill, W.Va., left, and Corporal Milburn W. Shelton of Houston, Mo., are the men to fill the "tank." The soldiers, who are with a Nike battery in the Washington-Baltimore area, were among those participating in the first annual practice "shoot" of Nike units held at the Red Canyon Range Camp., N.M., missile assembly area deep in the desert, far from populated areas.

Tahoe Items

Mr. and Mrs. A. F. Sanford who spent the winter at Las Vegas are opening their resort at Tahoe City.

E. M. Frost of Fontana wrote that he will be at Kings Beach this weekend.

Mr. and Mrs. E. B. Lewis, who were in Baker, Ore., for several months will be at Tahoe City very soon. Lewis wrote that they were glad to have the Sierra Sun arrive each week and that it was about the only sun they had during the winter.

The George O'Haras who have been in Indiana expect to return soon to the west coast.

Chamber's Lodge at Lake Tahoe opened for the season on May 28 and will close on September 10, according to George Chambers, manager of the property.

The Rudolph Zimmerman place at Tahoe City is being opened this weekend, the family arriving from San Francisco, according to a note frm Zimmerman.

Mr. and Mrs. A. J. Ketman of Menlo Park have returned to Carnelian Bay, Lake Tahoe, to spend the season, according to their yearly custom.

KUCHEL DEMANDS MORE WARNING BY ATOMIC COMMITTEE

WASHINGTON—United States Senator Thomas H. Kuchel of California has told the Atomic Energy Commission he thinks California state authorities should receive more detailed advance warnings of any future underwater tests of nuclear devices planned to be held off the California coast.

Noting the recent AEC experiment caused uneasiness in California, Kuchel remarked in a letter to General Kenneth Fields, AEC general manager, that such experiments present problems of public relations which could be diminished by cooperation with state agencies.

The senator's letter specifically backed up a suggestion by Seth Gordon, California Fish and Game director, who said that only by accident did the California fishery survey vessel N. B. Scofield learn of the recent test sufficiently in advance to rearrange an extensive program of charting albacore migration routes. The state craft, making studies between California and Hawaii in cooperation with the U. S. fish and wildfire service, was able to alter its program after getting secret warnings to avoid a certain area at a certain time, Director Gordon said.

The California Fish and Game official remarked in his letter to the AEC that "fish in greater or lesser abundance are found everywhere" and challenged the AEC contention that the area picked for the recent test is "an ocean desert." Director Gordon commented "as a result of our own research and that of other agencies, we know that there are no deserts in the ocean."

Senator Kuchel suggested to AEC Manager Fields that state bodies such as the California Department of Fish and Game might give Federal agencies valuable assistance and scientific data on marine life in any area proposed to be used for future tests.

CARD OF THANKS

I take this means to thank all of those who expressed so many kind deeds and thoughts during my recent bereavement. They are deeply appreciated.

MRS. GERDA KVISTBERG

PASADENA MAN DIES AT TAHOE

Patrick Joseph McCambridge, 47, of Pasadena, dropped dead of a heart attack Thursday in front of a Crystal Bay luxury lodge.

Deputy Sheriff A. T. McCarter, stationed at Lake Tahoe, told the Washoe county sheriff's office that McCambridge died shortly after 10 a.m. He had been visiting near Crystal Bay.

McCambridge was reported to be a printer. Sheriff deputies said he is survived by a wife and a son who is 14 or 15 years old.

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

Tahoe weather for the holiday weekend was almost perfect, except for an east wind on Sunday afternoon, when choppy whitecaps managed to discourage the fishing and boating on the lake to some extent. But the parking spaces along the lakeshore commons were filled most of the day, and the swarming humanity along the water's edge reminded us of Fourth of July. The highways buzzed with traffic throughout the weekend, and many summer home owners opened homes for the season.

Summer Residents

Among summer residents who opened homes for the season during the past week are the following: Mr. and Mrs. Alfred Ducato of San Francisco who opened their recently purchased property, the former Trapnell home near Tahoe Tavern. The Ducatos entertained bay region house guests over the weekend. Mr. and Mrs. Alfred Saroni of Piedmont opened for the season the old Kent place which they bought last year in Homewood. Mr. and Mrs. H. W. Bogart of Piedmont arrived this weekend to open their new home on the lakeshore near Tahoe Tavern. They are expecting their son Jack during the week with a party of young friends from the bay region. Mrs. J. H. Todd of Oakland opened her lakeshore home near Tahoe Tavern this week for the season.

Open Cottage

Mr. and Mrs. J. Allen Bray of Piedmont opened the old George Scott home in Lake Forest last week and are entertaining bay region friends over the holiday. They did a great deal of remodeling on the old home before the summer opening. Mr. Bray is commodore of the Lake Tahoe Yacht Club, and has had fast boats in the races here for the past several years. Mr. and Mrs. John McWhorten of San Francisco are in their Carnelian Bay home this week for the summer season, and Mr. and Mrs. Don Blessing of Piedmont have opened their summer cottage at Tahoe Pines.

Entertains

Al Sanford is in his Town and Country Lodge for the season, on the lakeshore highway just south of Tahoe City. He spent most of the past winter in his jewelry store in Las Vegas. Mrs. A. R. Bradley of San Francisco is entertaining houseguests this week in the former Fleischacer home at Idlewild, which property she purchased last year. She expects her son, Loran, with a party of friends from San Francisco during the week.

Returns to Lake

A. L. Robertson, who for many years in the past resided with his family in a lakeshore home he built on the cliffs below the Dollar Hill highway, has returned to Tahoe during the past week and is now employed by local Building Contractor Martin Spitsen of this city. Robertson plans soon to start building another Tahoe home for himself and family on land which was reserved from his former property sale on the slope of Dollar Hill.

Watsons Returns

More than a week ago Mr. and Mrs. R. H. Watson returned to Tahoe City from their winter home at Clarksville. Since that time they have been busy moving their summer living quarters from the old Mill property, which they sold last fall, to a reserved acreage of their property closer to the lakeshore. They expect soon to be settled for the summer in the new, and pleasanter location.

Henry Visitors

Visitors over the holiday weekend in the A. M. Henry home in Tahoe City were Marie Henry's mother, Mrs. Mary Planett from Roseville, and a brother-in-law, Vern Daniels, from Las Vegas. Mrs. Planett's son, Fred, entered the S. P. Hospital in San Francisco last week where he has undergone surgery and skin grafting. It is expected he will remain under observation there for about two weeks.

Takes Position

Mrs. Henry said that her sister and husband, Mr. and Mrs. Vern Daniels, will not be able to spend this summer season at Tahoe as usual, as Daniels has taken a permanent position recently at the Nellis Air Base near Las Vegas. When he returns from his holiday visit here he is to go on as foreman for the contractors, Lambke, Cloughe and King, who are beginning on a three million dollar contract. Daniels expects to have four years' steady employment with this company.

Shower Honoree

Mrs. Audrey Brehler of this city was honoree at a surprise pink-and-blue shower party held on Thursday evening at the home of a friend, Mrs. Billie Hamilton. After the many beautiful gifts were opened and duly admired the entire party motored to the Trade Winds in Kings Beach where an oriental dinner was enjoyed by all. Those present besides the honoree and hostess included the following Mesdames: Bernice Giannini, Dorothy Bury, Violet Pomin, Doris Clarke, Beccy Shontz, June Grinstead, Carol Marvin, Marion Rustad, Margie Broyles, Louise Geier, Solvig Beavers and Martha Snyder.

Directors Meet

The Tahoe City PUD directors were disappointed Saturday night at the apparent lack of interest among property owners in the district pertaining to the locality's water works and sewage system. However, they hoped the non-attendance at the meeting might indicate that the great majority of the residents might be only showing their faith in the administration, and satisfaction with its operation by not attending. Attorney Paul Chamberlain of Auburn was on hand at the Tahoe Inn to answer any legal queries made, and the PUD directors explained the operation of the system, as well as the recent slight raise in rates. Only six residents attended, representing four families.

Auto Accident

There was only one traffic accident on the busy lakeshore highways over the holiday weekend. This one occurred three miles south of Tahoe City on Highway 89, when Delbert W. Williams crashed into a power pole after sideswiping another car. The Williams car, a Ford ranch wagon, was badly wrecked. Following the crash Williams was taken to the Tahoe Forest Hospital suffering from shock and bruises, and with possibility of more serious injuries.

Purchase Home

Miss Geraldine Bean, for the past two or three years a teacher at the Tahoe Lake School, purchased a home here for herself and mother during the past week. The neat cottage is the former William Wathen home. It is conveniently situated on Cedar Terrace, within a few hundred feet of the school.

FITTIN' FOR MAN OR BEAST—The Army's highly-trained dogs are so important in combat that they have their own gas masks to be worn in event of enemy attack. Here a scout dog and his handler participate in a mock gas attack during maneuvers in Germany.

BROCKWAY WOMAN GRANTED DAMAGES

SACRAMENTO — A superior court jury awarded Mrs. Leone B. Wiley of Brockway, Lake Tahoe, $13,932 in damages for injuries she suffered in an elevator accident in Sacramento.

Mrs. Wiley, represented by Attorneys Lloyd A. Phillips, Jr., and Richard A. Case, sought $35,000 from the Westinghouse Electric Company.

She said on April 26, 1954, she was in the department of public work building at 1120 N street when she tried to walk into the elevator installed by Westinghouse. She said the elevator rose above floor level and she tripped and fell to the floor of the elevator, injuring her back.

Andrew Jackson was born in what is generally agreed to be Waxhaw, South Carolina.

LAKE FOREST IS SEEKING NEW ZONE

AUBURN—The Placer County Planning Commission has recommended to the supervisors of the county that the Lake Forest area of the Tahoe Island Park be reclassified from family to commercial zone.

The recommendation covers 38 lots situated three miles northeast of Tahoe City. Twenty-four persons who owned the lots petitioned for the change. It was opposed by Vivien Franklin.

PROPERTY IS SOLD FOR DELINQUENCIES

AUBURN—Arthur K. Brennan, county tax collector, states this week's sales of delinquent tax properties brought $7010.

Last minute redemptions at the auditor's office brought in an additional $4,246.60.

Most of the delinquent tax property was located in the vicinity of Lake Tahoe.

Get in the habit of carrying a trash bag in your car. A new state law permits highway patrolmen to hand you a citation for throwing trash from your car.

plicable to the particular craft, classification or type of workmen employed on the project.

DIVISION OF BEACHES AND PARKS

By Clyde L. Newlin
Superintendent, District III
j2-9.

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of Division of Beaches & Parks, 118 E. Oak Street, Stockton 3, California until 2 P.M. on Tuesday, June 21, 1955 at which time and place they will be publicly opened and read, for the construction of one Combination Building, Frame and Block, Special Mountain Type, at Donner Memorial State Park, near Truckee, Nevada County, California, in accordance with plans and specifications therefor.

Bids must be submitted for the entire work described therein. Deviations from plans and specifications will not be considered and will be cause for rejection of bids.

Forms of proposal, bond forms, and plans and specifications may be obtained at the office of the said agency at 118 E. Oak Street, Stockton 3, California.

The said State Agency reserves the right to reject any or all bids.

In accordance with the provisions of Section 1773 of the Labor Code, the said State Agency has ascertained that the generally prevailing rate of wages applicable to the work to be done is as follows:

Craft or Type or Workman	Rate per Hr.
Carpenter	3.03
Electrician	3.13
Shinglers	3.155
Mason	3.50
Painter (Brush)	2.73
Plumber	3.25
Mixer Operator (up to one yard)	2.455
Laborers	2.18

Any classification omitted herein not less than $2.18 per hour. Overtime, Sundays and holidays—not less than 1½ times the above rates. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement ap-

WENTE REELECTED HEAD OF CHAMBER

Carl F. Wente of San Francisco was reelected to his second term as president of the California State Chamber of Commerce.

Wente, 66, who retired last year as president of the Bank of America still remains active as chairman of the executive committee of that organization. He and all of the incumbent officers of the state chamber were returned to office and will guide state chamber policies during the 1955-56 fiscal year.

Other officers were: W. C. Mullendore, Los Angeles, chairman of the board, Southern California Edison Company, first vice president; John E. Cushing, San Francisco, president, the Oceanic Steamship Company, second vice president; Edward R. Valentine, Los Angeles, chairman of the board and general manager, J. W. Robinson Company, third vice president.

Neil Petree, Los Angeles, president of Barker Bros. Corp, was elected governor, and James Mussatti, San Francisco, continues as general manager of the statewide organization.

Southern Pacific Pays Huge Sums In Taxes Annual Report Shows

One hundred dollars a minute, $144,343 every day of the year, is the rate at which Southern Pacific is pouring tax money into the public treasuries, according to D. J. Russell, president of the railroad.

In a message to his fellow railroaders published in the current Southern Pacific Bulletin, the rail president said total taxes paid by SP in 1954 amounted to more than $52,000,000, equal to 8.2 cents out of every dollar of revenue. Of this amount, more than nine million dollars went for federal income taxes, more than 17 million dollars was paid to the federal government for railroad retirement and more than one million 400 thousand dollars covered federal unemployment taxes.

State, county, city and miscellaneous taxes consumed another $24,428,767, Russell added.

Atomic Authority Says Border Has Deposits

AUBURN—A. J. Rambosek, supervisor of operations of the Reno, Nev., office of the atomic energy commission, told the Placer County chapter of the Western Mining Council the most promising uranium deposits in the Sierra Nevada are along the California-Nevada border.

He urged continuing prospecting to determine locations which might lead to production.

Final discussion of legislation pending in congress to curb bogus mining claims was continued until the June 20 meeting of the chapter, after Wendell T. Robie, chairman, outlined bills on which house and senate hearings are scheduled this month.

DeWitt Nelson, state director of natural resources, invited the chapter to participate in the Noovember 7th and 8th meetings in Sacramento of the Western Mining Conference.

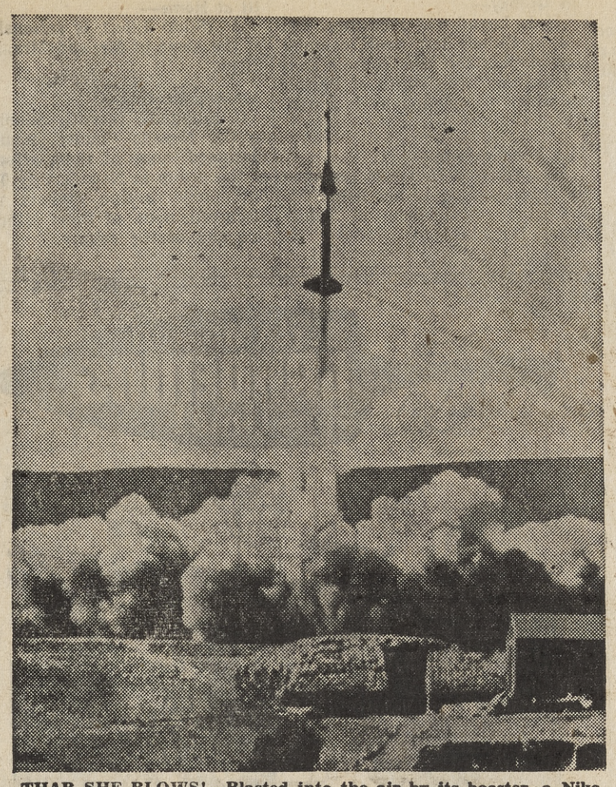
Closing Date For Phone Book Listings At Lake

Wednesday, June 8, is closing day for listings in the white page of the next Lake Tahoe telephone directory, according to C. F. Berlenbach, Pacific Telephone manager.

He explained that in order to make the painstaking check that is required for accurate listing of the phone numbers, it is necessary to start making changes well in advance of publication of the new book.

Berlenbach urged anyone who wants additional directory listings for their children of others living in their homes to call the business office now.

The new books will be issued June 29, he said.



THAR SHE BLOWS!—Blasted into the air by its booster, a Nike guided missile speeds toward a distant aerial target over the desert during the first annual service practice of Nike battalions at Red Canyon Range Camp, N.M. The Army's famed supersonic missile uses a rocket booster through the early stages of flight.

Berliner Adds Partner In Law Firm; Makes Office Improvement

Harold A. Berliner, well known Nevada City attorney, has announced the enlargement of his law office and the formation of a partnership with William B. Wetherall, formerly of San Francisco. The new firm will be known as Berliner and Wetherall, and will be located at 232 Broad street, Nevada City.

Wetherall is a graduate of the University of Idaho, where he received his B.A. and LL.B. degrees. After his admission to the Idaho bar in 1937, he was appointed law clerk to Judge William Healy of the United States Circut Court of Appeal with headquarters in San Francisco. He was admitted to the California bar in 1939. Following his tenure with Judge Healy, he served in the office of price administration and became the regional litigation attorney for the Eighth Region of OPA. Since 1947 Wetherall has been engaged in private law practice in San Francisco.

The new attorney and his wife, Orene, are residing in Grand View Terrace. Their three children, Bill, Jr., Jerry and Mary Ellen, are enrolled at Union Hill School.

RETURNING

Summer residents of Lake Tahoe continue to arrive in spite of a slight chill in the air. Coming up this week are Mr. and Mrs. P. R. Murray from Merced to Tahoe Vista, the G. A. Mortimers from Sacramento to Tahoe City, Mr. and Mrs. N. S. Noll to Carnelian Bay from Pasadena and Mrs. Stella Watson wrote last weekend from Shingle Spring that she will be in Tahoe City for the summer months.

L. J. Putnam of San Mateo wrote that his summer residence will again be Carnelian Bay.

H. C. Eckles has left Tahoma, going to Sacramento.

In 1954 the Department of Motor Vehicles gave 710,896 driving tests.

$1.80 seats for 10 shows	$18.00	$14.40

Your board of directors held an informal meeting at Donner Lake Lodge yesterday noon. At this meeting final plans were formulated for holding the Donner Lake Regatta this year on July 10th. There will be 18 races in the meet. We will not hold the barbecue, but will have refreshment stands set up for those who wish to partake in food and drink. Your chamber is donating a Johnson outboard motor as a grand prize. It is also planned to have 17 lesser prizes, one to be given between each race. These prizes will be donated also.

* * *

Bud Bradshaw of Donner Lake Lodge will be overall chairman for this year's event assisted by Ken Hedlund, in charge of the work party; Dick Robarts, in charge of prizes and the crash boat crews; J. Richards, in charge of floats and grand prize; and Rex Reid in charge of ticket sales with Jerri Bonano and Eve Hallett, assisting.

With such a fine representative group pitching in to help on this year's event it should be bigger and better than ever. We plan on decorating Main street as well as Donner area with street banners to promote our annual Fourth of July fireworks display and the boat races on July 10. The California Outboard Association is planning a meet of their own on September 11, which should add materially to the activity in our area on that weekend.

* * *

I am told that our Donner Memorial Park was full to capacity this past weekend. The State Division of Parks plan on many improvements to the camping area. Including upwards of 50 new camp sites with much new and improved beach area. Donner Memorial Park is one of the finest in the state, and we are justly proud to have it as part of our community. With the new $125,000 museum that may be built there in the near future it will be even more attractive. —HAL WELCH

Open Meeting Of Grand Jury Is Called Off By District Attorney

The "open public meeting" of the Nevada County Grand Jury slated for last week, was stopped, temporarily at least, by an opinion from District Attorney Vernon Stoll who held the procedure illegal.

The open meeting had been called at the suggestion of Judge James Snell, who spoke at some length on the reason for the session before Stoll rendered his opinion.

The meeting had been called to air alleged irregularities in bookkeeping at the Nevada County Hospital. Judge Snell has indicated that if the present grand jury, headed by James McIver of Truckee is not able to settle the hospital controversy, then another inquisitorial jury will be called to continue the task.

When Stoll stepped in to offer his opinion, Judge Snell declared he had anticipated such a move and advised McIver to terminate the meeting.

From Sacramento—

Augie Esola of North Highlands was a weekend visitor with relatives and friends.

Mahnes Back—

Mr. and Mrs. Anton Mahne have come from Sacramento to occupy their house on Church street during the summer months.

Goode Family Here—

Mr. and Mrs. Clair Goode and family of Woodland visited at the home of her mother, Mrs. Steve Besio during the holidays.

Kases Visit—

Dr. and Mrs. Sidney Kase and children of San Francisco were here during the weekend.

Visit Cabin—

Mrss. E. J. McCurtain and daughter of Berkeley were at their Donner Lake cabin this week. The family plans to move to Seattle next month.

MUSIC CIRCUS WILL GET UNDER WAY AT CAPITAL

The Sacaremnto Light Opera Association's Music Circus will start Monday, June 6 with thepresentation of "Annie Get Your Gun" and will continue through Sunday, June 12. The circus is sponsored by the Sacramento Bee and is held at 1419 H street.

Ten musical comedies and light operas will be presented during the summer season.

They include beside Annie Get Your Gun, The Great Waltz, On the Town, The Mikado, South Pacific, The Red Mill, Naughty Marietta, Carousel, Roberta and Guys and Dolls.

Buells Go East—

Mr. and Mrs. T. T. Buell of Grass Valley have written local friends from Milwaukee and other places in the east, expecting to return to California later in the month. Buell, of the California Division of Highways has taken particular interest in the roads which he wrote need modernizing throughout the main routes.

Have Dinner Guests—

Mr. and Mrs. William Carver had as their guests during the weekend William May and his mother, Mrs. Mays, Mr. and Mrs. Henry Storti, all of Sacramento. The party also went fishing in the Downievile district. The men are with the state division of architecture at the capital city.

Rablins Return—

Mr. and Mrs. O. J. Rablin of Roseville are here for the summer months.

THANKS FRIENDS

Mrs. Irv Hinds, formerly of Floriston has written Rev. W. Osman from Reno that in February following the burning of her home in Floriston and the death of a small child the family went to Los Angeles. Mrs. Hinds wanted to thank those people who were so kind to them during the loss of their child and home.

California has the largest remaining stands of virgin timber in the United States; protect it from fire.

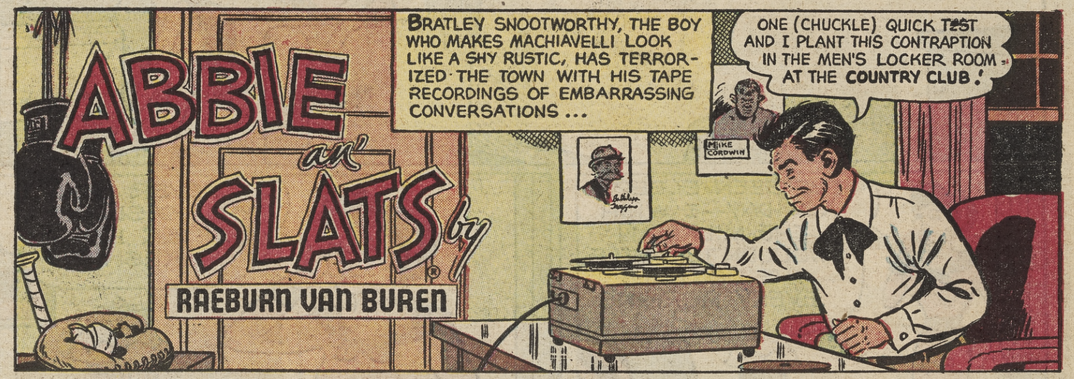
Tarzan

by EDGAR RICE BURROUGHS

AFTER FELLING THE APE-MAN, THE MYSTERIOUS KNIGHT IN RED VANISHED INTO THE FOREST.
TARZAN STAGGERED TO A NEARBY BROOK WHERE COOL WATERS RELIEVED HIS PAIN-- BUT SUDDENLY HE HEARD DISTANT HOOFBEATS!
COULD HIS ENEMY IN THE HARD RED SHELL BE RETURNING? THE APE-MAN SNARLED IN ANGER AND LEAPED TO THE TREES.
FROM A HIGH PERCH HE WATCHED THE APPROACH OF A MOUNTED KNIGHT, BUT THIS MAN WAS YET ANOTHER STRANGER--
DICK VAN BUREN JOAN CELARDO 6-5-1965
UNAWARE, AS WAS TARZAN, THAT STILL OTHER EYES WATCHED THE ACTIVITY BELOW.
Distr. by United Feature Syndicate, Inc.
SHEETA, THE PANTHER, WAITED UNTIL THE KNIGHT PASSED BELOW. AND THEN, SCREAMING HIDEOUSLY, HE SPRANG!

ABBIE an' SLATS by RAEBURN VAN BUREN



BRATLEY SNOOTWORTHY, THE BOY WHO MAKES MACHIAVELLI LOOK LIKE A SHY RUSTIC, HAS TERRORIZED THE TOWN WITH HIS TAPE RECORDINGS OF EMBARRASSING CONVERSATIONS ...
ONE (CHUCKLE) QUICK TEST AND I PLANT THIS CONTRAPTION IN THE MEN'S LOCKER ROOM AT THE COUNTRY CLUB!
MIKE CORDWIN
W-WHO (GASP) MENTIONED MY NAME??
STOP WHERE YOU ARE, BRATLEY SNOOTWORTHY!
THIS IS YOUR CONSCIENCE, YOUR FIENDISH, DIABOLICAL, RUTHLESS, RELENTLESS OTHER SELF!! AND I AM ASHAMED OF YOU!
YOU'RE ASHAMED OF ME?
I'D STAND FOR A PRACTICAL JOKE, PERHAPS AN INNOCENT FIB NOW AND THEN - BUT WHAT YOU HAVE DONE IN THIS TOWN MAKES ME SICK TO MY CONSCIENCE!
?!
I DEMAND THAT YOU RETURN EVERY PENNY OF THE BLACKMAIL MONEY YOU TOOK IN PAYMENT OF NOT RELEASING THOSE TAPE RECORDINGS!
B-BUT I (SOB) EARNED IT!!
IF YOU DON'T, BRATLEY - I'LL HAUNT YOU DAY AND NIGHT!
D-DON'T... PLEASE DON'T!! I'LL RETURN EVERY CENT OF IT... AND I (CHOKE) WON'T EVER DO IT AGAIN!
LATER
WELL DONE, MR. SNOOTWORTHY!
IT'S NOT HARD TO SEE WHERE THE BOY INHERITS HIS BRILLIANCE, MY FRIEND!
WHEN HE'S OLD ENOUGH TO UNDERSTAND, I'M SURE YOUNG BRATLEY'LL BE PROUD OF HIS OLD MAN!!
